If pt receive blood product, fill in #of units, type (code/desc) and whether there was a reaction or not (Y or N). if more than one type of blood product use the additional lines.

Only fill in fields as they apply to each account on this screen. Tumor reg. is no longer required.

If this area is blank when you get here – congrats, there is no missing info 😊

If you are finished with chart, then change this to C for Complete

Enter your 2 or 3 initials here and in abstractor field, press enter and you are done. AFTER you press enter here, then press F2 to get where you can begin the next account.
